Subject: South Fork Wind permit comments

Hi Brian and Jessica,

Attached are the comments received on the South Fork revised draft permit. The comment period ended yesterday. No verbal comments were received during the Dec. 2 public hearing.

Although all of the comments are generally supportive in nature, South Fork Wind / Orsted provided a twelve page narrative (Attachment A) detailing why our proposed approach is reasonable. **Ex. 5 Deliberative Process (DP)**

Ex. 5 Deliberative Process (DP)

As you may recall from the Nov. 9th Orsted call, the permittee would like to see the permit finalized as quickly as possible. Our current deadline on the FAST-41 dashboard is to issue the permit final by January 18. **Ex. 5 Deliberative Process (DP)**

I will schedule a call to discuss our thoughts and approach for responding to these comments. I will also upload them all to EPA's website on South Fork.

Thanks,

Eric
